Southern California Wildfires

SCARY!

Fired Up Sisters has been asked by SOCAL VOAD to wait and let the first responders do their jobs.

Homes were lost. We will all want to help. More on that later.

Northern California Wildfires

Renee v H will be going with United PolicyHolders to some of the sites of the Northern California wildfires last year to help in their road to recovery. She will be taking copies of our handbook and reference to our web site. We received several thank you notes for our gift cards during the holidays from some of these wildfire survivors.

10 YEARS!

Yes, it will be 10 years since our wildfire in October of next year 2017. We have reserved the Ed Brown Center for an event on October 21, 2017 (Saturday). Mark your calendars! There is already a committee working on the details of the event. If you would like to participate in the planning for the event contact janet

**MAY
MEETING NOTES**

The May Fired Up Sisters meeting was held at the home of Doris O. Thank you for hosting, Doris. We really always have a wonderful time meeting in your lovely home. We had a lot of fun at the

meeting, eating good food and sharing some stories. The tenth anniversary of our fire was discussed at length. We have all certainly come a long way. We also discussed the book **Phoenix Rising, Stories of Remarkable Women Walking through Fire** by Kristen Moeller and Leslie Wharton. The book is 21 stories written by the women who lost their homes in the Colorado fire and some who did not. **Remarkable Women Walking through Fire:** sound familiar? The stories are short, (a couple of pages each). We were so impressed, we decided to buy a few more copies of the book and raffle them off. And some of us thought that we could write our own stories. What do you think?
