Northern California Wildfires

Renee v H was invited by United Policyholders to an event in July to support the Nor Cal Wildfire survivors. Renee was overwhelmed by how much the survivors appreciated the gift cards and personal notes in the holiday cards from the Fired Up Sisters. **They said it was really awesome!**

Renee's whole workshop was about the importance of a support group. She told them to stop talking to people who have not been through it. "Be

around people who have survived!" She discussed the "new normal", buying groups, and how to have fun doing the inventory and many other tips. The most important tip for FUS is that we need to mobilize to help wildfire survivors as soon as possible.

BLUE CUT WILDFIRE UPDATE

The Fired Up Sisters received an email from a group looking to assist survivors of the Blue Cut wildfire. We are in contact with this group and the San Bernardino VOAD to assist.

There will be a BBQ event in October (TBD). Many of the Fired Up Sisters are invited to attend to share our experiences. This group has already partnered with Home Depot and has facilities for storage. We can share our CAGI knowledge and expertise with them. This activity will also be discussed at the September 14th meeting @7pm. Please try to attend or please send your comments or suggestions to firedupsisters@gmail.com

Given the success of our gift cards to the Northern California Wildfire Survivors, many Fired Up Sisters have suggested that we do a similar program this holiday for the Blue Cut Wildfire Survivors. What do you think? Come to the September 14th meeting to discuss this activity. We may need a fund raiser and another party to prepare the cards as we did last year.
